

Oh the places you'll go  
when your mind you do lose,  
though some of those places are not what you'd choose.  
But choose them you will,  
'cause you're over the hill,  
and your mind's inner clock has hit snooze.

If your mind you will keep,  
forget that old sleep.  
You can enhance your ability  
by learning agility.  
With a dog by your side  
you'll lengthen your stride,  
and your youth will return with each leap.

Once you're leaping and striding  
you must try dock diving.  
Your dog will be over the moon!  
Swimmers and jumpers will go get those bumpers,  
at the end they will plead for more soon.

With one look they'll implore,  
What else is in store?  
So you'll search and find fieldwork and tracking.  
As you can see, if you listen to me

Swiftwater's Tom Foolery "Rollie" and  
owner/handler Jude Fritts at the Canadian  
National.

Swiftwater Kennel in Olympia has had a fun year. Rollie, Swiftwater Tom Foolery, began the year taking three majors from the 9-12 puppy class. In June we took two puppies down to the FCRSA Specialty in California and they both placed in their classes. Juno, Swiftwater My Foolish Heart, taking 1st in her sweepstakes class and Rollie 3rd in his sweeps class. Juno placed again in her regular class.

In July we attended the FCRSC Specialty with Gracie and 4 of her puppies (Eagletarn Great Fivepenny x Blacfriar Grace of Swiftwater) and all 4 did very well. Rollie won best puppy in sweepstakes and won his regular class, Pepper (Swiftwater Fooled You By a Day) placed second in Sweeps, Juno (Swiftwater My Foolish Heart) placed 2nd in her regular class. Daegan, Eagletarn Great Fivepenny, won the stud dog class with Juno, Pepper and Rollie. Gracie placed 4th in brood bitch with the same pups.

In the supported entry show associated with the Specialty Rollie was WD and BOW defeating 14 dogs and earning him 5 Canadian points! Sunday Fred won his class. In August Pepper finished her Canadian Championship and Rollie finished his Am Championship at 16 months old, completely novice owner handled!

Plans are to breed Gracie again early next year to Bird, Exeter's Flying Fortress.
